

Green Valley Ranch
Multiple Pathway Center

ENTREPRENEURIAL SPIRIT, LEADERSHIP, PRIDE AND COMMUNITY SERVICE

The Green Valley Ranch Multiple Pathway Center will open in the Fall of 2010 on the State-Of-The-Art Green Valley Ranch Campus!!!!

The Multiple Pathway Center is intended to support students who have not been successful in the traditional school setting and have fallen behind in their journey to graduation. Acceptance to this center is through application only. The Center will accept only those students who, through application and interview, can prove that they are committed to seizing this exceptional opportunity that will engage them in a successful pathway to graduation and post-secondary readiness.

The Center will offer:

- Diploma Plus: A nationally recognized performance-based academic program that provides students with the high expectations, support and rigor they require to be successful in both college and future careers. This program will be supported by an intensive academic intervention structure that will work to help students accelerate their academic skills to meet the high expectations for this diploma-granting program.
- Several high-quality Career and Technical Education Programs such as Green Energy, Hospitality, Microsoft Systems Certification, Certified Nursing Assistant/Sports Medicine and Criminal Justice. These programs will foster internship and business ownership experiences.
- Small, supportive school environment with extended-day, night school and Saturday scheduling.
- Individual student support through counseling, coaching, mentoring and advising.
- College experience and pathway support to both college and careers.
- Community and Student Leadership Program: This will be a student-run program that will allow students to use their energy, skills and talents for the good of their own community. This program will be run in partnership with community leaders to deliver community services to Denver's Far Northeast Community.
